

# 1-866-829-1086 Southwest Airlines Brussels Office

**Southwest Airlines does *not* have an official corporate, ticketing, or customer service office in Brussels, Belgium.**

Southwest is a U.S. airline headquartered in **Dallas, Texas**, and it does not operate a dedicated local office (corporate or sales) in Brussels or at **Brussels Airport (BRU)**. Official Southwest support is handled through central global channels — phone, website, and app — rather than local staffed offices abroad. ([FlightsOffices](#))

## **Airport “Brussels Terminal” Listings**

Some online airport/terminal directories mention a “Southwest Airlines Brussels Terminal” at **Brussels Airport**, typically listing general airport contact numbers and pointing to **Terminal 1** for passenger services — but these simply describe terminal flight information or airport counters, not a staffed Southwest office. ([Flight Terminal Info](#))

## **How to Contact Southwest from Brussels**

Since there’s no local Southwest office in Brussels:

- **Official Southwest Website:** Use **southwest.com** to manage reservations, check flight status, make changes, and get support.
- **Customer Service Phone:** Call Southwest’s main contact number (e.g., +1 800-435-9792 in the U.S.) from abroad — international charges may apply.
- **Mobile App & Live Chat:** Southwest’s app and online help center provide additional support tools.

 Any airport information you see about Southwest at Brussels Airport refers to **general terminal listings**, not a company office or Southwest-staffed ticketing location. ([Flight Terminal Info](#))

If you want, I can provide **official Southwest contact numbers optimized for calling from Belgium/Europe!**
