📍 This Dallas location is the **corporate headquarters of Southwest Airlines**, situated on the grounds of Dallas Love Field in Texas. It's the main office where executive leadership, corporate departments, operational support, and many administrative functions are based. ([Wikipedia](#))

### What this office handles:

- Corporate and operational leadership functions
- Centralized support for airline strategy and planning
- Some customer service and administrative departments

### Not a public ticketing counter:

While this Dallas headquarters is the official airline office, Southwest customer assistance for flights (check-in, boarding, baggage) is typically done at their **airport counters** (e.g., at Dallas Love Field itself or other airports) or through official customer support channels online and by phone. Would you like the **best Southwest contact number formatted for calling from outside the U.S.**? I can provide that too.
