This is especially true for:

- Express Deals
- Non-refundable hotel bookings

No Hotel or Airline Choice on Discounted Deals

With Priceline's lowest-price options:

- You don't know the hotel name until after booking
- You can't choose seat assignments in advance
- Amenities and exact locations may vary

This lack of transparency can be risky for travelers with specific preferences +1-877-684-4354.

Difficult Refunds and Cancellations

Many Priceline bookings are:

- Final and non-refundable
- Ineligible for date changes
- Subject to high cancellation penalties

Not Always the Cheapest in the End

While Priceline advertises big discounts:

- Added fees may reduce savings

- Hotels sometimes offer better flexible rates directly
- Loyalty program benefits may not apply

In some cases, booking directly with the provider offers better overall value +1-877-684-4354.
