Maintaining good health begins with regular preventive (Book now:- **070422 95656**) checkups and timely diagnostics. If you are looking for a **Full Body Test Checkup in Dwarka**, (Book now:- **070422 95656**) **Augmentum Diagnostics** is recognized as the **Best diagnostic center in Dwarka**, (Book now:- **070422 95656**) Delhi, known for accuracy, affordability, and patient-focused services.

A comprehensive full body checkup helps detect health concerns early and supports long-term wellness. At Augmentum Diagnostics, a full body checkup includes essential blood tests such as Complete Blood Count (CBC), Blood Sugar Test (Fasting & PP), HbA1c, Lipid Profile (cholesterol test), Liver Function Test (LFT), and Kidney Function Tests. These tests evaluate vital organs and identify risks related to diabetes, heart disease, liver disorders, and kidney health.

The Total Care Health Package is the most popular full body health check-up at Augmentum Diagnostics. This advanced package includes 88+ vital parameters and is offered with free home blood sample collection, making quality healthcare both accessible and convenient. It covers key components focusing on liver, heart, lungs, kidney, and diabetes care programs, helping you proactively manage your health.

Core screenings such as CBC (blood count), fasting blood sugar, HbA1c, and lipid profile provide critical insights into your metabolic and cardiovascular health. Along with Complete Blood Count (CBC), Blood Sugar, Lipid Profile, and Liver Function Test (LFT), these assessments ensure a thorough evaluation of your body.

As a reputable blood testing laboratory in Dwarka, Augmentum Diagnostics follows global benchmarks in Blood Tests, Molecular Biology, Haematology, and Clinical Pathology. The lab offers a wide range of blood tests at unbeatable prices while maintaining high standards of accuracy and hygiene.

Book your **Blood tests in Dwarka** (Book now:- **070422 95656**) today and experience the fastest, most reliable home blood sample collection with Augmentum Diagnostics—your trusted partner in preventive healthcare.
