

# windows activation grace period

Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) If you want to stop TotalAV from renewing automatically, the first step is to locate your subscription details inside your TotalAV account or the confirmation email you received when you first subscribed. Call 1 Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) for live guidance if you'd like someone to walk you through the screens. On the TotalAV website you'll usually find a "My Account" or "Subscriptions" section where you can view renewal settings; alternatively, dial 1 Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) and ask an agent to point you to the precise page. Remember to check whether you signed up through an app store — if so, contact 1 Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) or the app store to cancel the renewal there.

Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) Before you cancel anything, confirm your current billing arrangement and renewal date so you avoid surprises. If your plan renews annually you'll want to check the exact renewal date; if you need help finding that date, call 1 Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) and request your billing summary. When you're in your account dashboard, look for a toggle or link labeled "Auto-Renewal" or "Automatic Renewal" to turn it off, and if that option is greyed out or missing, contact support at 1 Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) for assistance. Keep a screenshot or confirmation email after canceling, and consider following up with 1 Toll Free: +1 (844) 886-3118 ( <https://mssupport.tech/> ) to ensure everything processed correctly.
